WHY TAKE OUT INTERNATIONAL INSURANCE?

You've decided to leave your home country for an international study experience. Entrance exams and language proficiency tests, funding, accommodation, visas, plane tickets... there's already a long list of things to organise, but it is worth taking a close look at your international insurance before setting off.

WHY TAKE OUT INSURANCE?

- 1 Medical expenses that can quickly build up:**
the cost of medical care abroad varies greatly from one country to another and can be very expensive.
- 2 If you leave your country of origin to study abroad for more than a year, you will no longer be covered by Social Security or your private health insurance.** 
- 3 Cover from bank cards only applies to stays of 3 months maximum:**
with a "basic" bank card, there's a minimum deductible of €50 per treatment or procedure and an overall cover limit of €11,000. 
- 4 Depending on which country you're going to, local health insurance can be very expensive and won't always offer full reimbursement of any costs you may have to pay.**

HOW THE POLICY OPERATES

USEFUL INFORMATION BEFORE YOU APPLY

WHO IS THE POLICY DESIGNED FOR?

The policy is available to school pupils or students or au pair between the ages of 12 and 40 inclusive who are studying abroad for a minimum period of 12 months.

The spouse of the principal insured may also be covered by the insurance if they are expatriate students between 18 and 40 years old.

The children of the principal insured can be covered until the age of 18 included.

IN WHICH COUNTRIES AM I COVERED?

There are 3 zones of cover available depending on your country of destination:

Zone 0: USA and Mexico,

Zone 1: Canada, China, Hong Kong, Singapore, Switzerland and the United Kingdom.

Zone 2: All countries not listed in zones 0 and 1.

You are covered in the pricing zone which includes your destination country.

In pricing zone 0, you are covered for a year at a time worldwide, including in your country of nationality during temporary return visits of less than 90 consecutive days between two stays in the country of destination.

In pricing zone 1, you are covered for a year at a time in the countries of zones 1 and 2, including in your country of nationality for temporary return visits of less than 90 consecutive days between two stays in the country of destination. You are covered in pricing zone 0 only in the event of accidents and sudden illnesses during temporary visits of less than 90 consecutive days between two stays in the country of destination.

In pricing zone 2, you are covered for a year at a time in the countries of zone 2, including in your country of nationality for temporary return visits of less than 90 consecutive days between two stays in the country of destination. You are covered in pricing zones 0 and 1 only in the event of accidents and sudden illnesses during temporary visits of less than 90 consecutive days between two stays in the country of destination.

As a result of heightened tension in certain countries, cover for these countries is subject to prior agreement from APRIL International Care France.

The full list of excluded countries is available at www.april-international.com or by calling +33 (0)1 73 03 41 29. The list of excluded countries is liable to change.

WHAT IS THE MAXIMUM DURATION OF COVER?

The Expat Student policy can be taken out for a minimum of 12 months and is renewed automatically on its annual anniversary date (1st October). The maximum duration of cover is 6 years.

Cover is automatically terminated:

- when the age limit is reached: 41 for the principal insured and/or their spouse and 19 for dependent children,
- after 6 years of insurance,
- if you no longer qualify as a student or young au-pair,
- if you are no longer an expatriate, on presentation of an official document certifying to this.

Membership can be cancelled at each annual renewal date with two months' notice, i.e. before July 31.
